## Dr. Liu Jian-Feng

- **Professor Liu Jianfeng, born in 1963, graduated from Traditional Chinese Medicine Department of Shandong University of Traditional Chinese Medicine in 1986. He is the founder and copyright holder of the “Hand Diagnosis and Hand Therapy based on Luster, Color and Morphologic Changes of hand”, since the hand diagnostic technique officially announced in 1990.**
- **Professor Liu now serves as:**
- The Chair of the International Jianfeng Hand Health Medical Association
- Director of The Hand Diagnosis and Hand Therapy Committee of the Public Health Ministry of China
- The head expert in the only research project of hand diagnosis sponsored by the State Administration Bureau of People’s Republic of China.
- In October, 2006, Jian-Feng’s “Hand Diagnosis & Hand Therapy based on Luster, Color and Morphologic Changes of Hand” was recognized by the important figures of the Public Health Ministry of China and twenty specialists both in Chinese and western medicines, the only proven Diagnostic technique that meets with the western medical diagnostic standard.
